

COIF Charities Property Fund

Fund fact sheet – 31 March 2026

Investment objective

The fund aims to provide a high level of income and capital growth over the long term (defined as 5 years).

Investment policy

The fund is an actively managed, diversified portfolio of UK commercial property. It will principally invest in UK commercial properties, but may invest in other assets, which may be either liquid or illiquid in nature.

The fund may also invest some of its assets in instruments that are easier to buy and sell to maintain appropriate levels of liquidity. Instruments used for this purpose may include cash and near-cash, participation notes, UK real estate investment trusts, regulated or unregulated investment funds, and loan notes.

The fund is managed in line with CCLA's approach to property investment available at www.ccla.co.uk/about-us/policies-and-reports/policies/our-approach-property-investment. This approach outlines our property investment process, from pre-purchase due diligence to the ongoing management and sale of properties held by the fund.

Who can invest?

Any charitable organisation in England and Wales, and any appropriate body in Scotland and Northern Ireland, that meets the definition of a charity as set out in Schedule 6 of the Finance Act 2010 and is recognised by HMRC as a charity for tax purposes may normally invest in the fund. This includes registered charities, exempt charities as well as charities not registered, such as some schools and academies. If you are unsure whether you can invest in the fund, please contact Client Services.

Sustainability approach

We believe that the primary role of sustainable investment is to drive positive change. The fund applies a number of restrictions on property tenants in accordance with our values-based screening policy, found at www.ccla.co.uk/about-us/policies-and-reports/policies/values-based-screening-policy.

The FCA has introduced sustainable investment labels to help investors find products that have a specific sustainability goal. This product does not have a UK sustainable investment label because it does not have a sustainability goal. Read our summary of SDR, the investment labels and our overall approach at www.ccla.co.uk/sustainability. Fund-level information can be found at www.ccla.co.uk/funds/coif-charities-property-fund.
