Purpose

This document explains The CBF Church of England Property Fund's (the fund) approach to sustainability. It is not marketing material.

This document is the consumer-facing disclosure document required under FCA rules.

Sustainable investment label

This product does not have a UK sustainable investment label. Sustainable investment labels help investors find products that have a specific sustainability goal. The fund does not use a sustainable investment label because it does not have a sustainability goal.

Approach to property investment

The fund's approach to property investment can be found [here](#).

Sustainability approach (including faith-consistent investment policy)

The fund invests in the COIF Charities Property Fund, which is compliant with the faith-consistent investment policy of the fund, developed by CCLA and implemented by other CBF Church of England Funds, to meet shareholders' desire to invest in a way that reflects Christian and Anglican teachings and is grounded in the advice produced by the Church of England's Ethical Investment Advisory Group. The restrictions that apply to the fund are set out in the scheme information.

They apply a number of values-based restrictions on property tenants in line with the faith-consistent investment policy.

These restrictions are applied in accordance with [Our values-based screening policy](#) (which also sets out how we consider the eligibility of third-party managed funds) and are implemented based upon data-points selected by CCLA.

Sustainability metrics¹

There have been no tenants out of compliance with restrictions in the rolling 12 months to the 30 June 2025.

During the period, all 15 leases or sub-assignments reviewed were approved.
