

# COIF Charities Global Equity Fund

Fund fact sheet – 31 December 2025

## Investment objective

The fund aims to provide income with capital growth over the long term (defined as 5 years).

## Investment policy

The fund is an actively managed, diversified portfolio of shares of companies from around the world (also known as global equities). It will typically invest at least 80% of its assets in global equities, but may also invest in other assets.

The fund follows a set of client-driven, values-based investment restrictions.

## Who can invest?

Any charitable organisation in England and Wales, and any appropriate body in Scotland and Northern Ireland, that meets the definition of a charity as set out in Schedule 6 of the Finance Act 2010 and is recognised by HMRC as a charity for tax purposes may normally invest in the fund. This includes registered charities, exempt charities as well as charities not registered, such as some schools and academies. If you are unsure whether you can invest in the fund, please contact Client Services.

## Sustainability approach

We believe that the primary role of sustainable investment is to drive positive change and this is best achieved by pushing companies to do more to address the major challenges facing us today.

We aim to manage our clients' investments in a way that aligns with their values and to do this we consider environmental, social and governance (ESG) factors in our listed equity investment process and go beyond the boundaries of traditional investor engagement to drive change. The FCA has introduced sustainable investment labels to help investors find products that have a specific sustainability goal. This product does not have a UK sustainable investment label because it does not have a sustainability goal.

Read our summary of SDR, the investment labels and our overall approach, found at [www.ccla.co.uk/sustainability](http://www.ccla.co.uk/sustainability).
